ES-103

TEMPLE SQUARE
Salt Lake City

A 12-foot-high adobe wall three feet thick surrounds a ten-acre block. Inside the square are the Mormon Temple, the spacious Tabernacle with the famous pipe organ, a museum, monuments, etc. Free guided tours are regularly conducted to acquaint the visitor and tourist with most interesting history and pertinent information.

address

We like the kids and have recommended that they keep both of them. It is cold and covered with snow so we are not going to do much sight seeing. Hope you are both well. Love Dad
